SCS PSP Hybrid Program Course Summary

High School

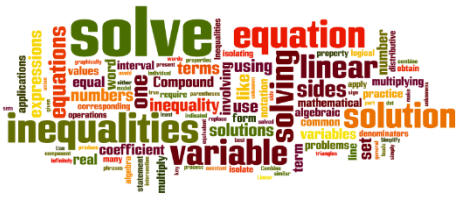
Track 2 (11th/12th grade)

Science

Apologia-Chemistry

Our award-winning high school chemistry course is now better than ever! This revised edition offers more in-depth discussions and explanations of concepts, as well as biographical sketches of Christian scientists who have made a difference in the field while giving the glory to God.

Math



Saxon Algebra 2

Graphical solution of simultaneous equations, scientific notation, radicals, roots of quadratic equations including complex roots, properties of real numbers, factoring, inequalities and systems of inequalities, logarithms and antilogarithms, conic sections, exponential equations, basic trigonometric functions, algebra of polynomials, vectors in polar and rectangular form, algebraic word problems.

History/Literature

Notgrass-Exploring World History

World history high school curriculum. It provides one full-year of credit in American history, English (literature and composition), and Bible. From Creation to the 21st century, Exploring World History presents ancient, medieval, and modern history from the perspective of faith in God and respect for His Word. It offers a thorough survey of Western civilization with significant coverage of Latin America, Africa, and Asia.
