Southlands Christian Schools provides counseling services to students in grades 9-12. The school counseling program facilitates development in three broad areas: academic, career and personal/social development. Each area of student development encompasses a desired outcome or goal.

The American School Counselor Association has developed national standards (goals) for each of these three areas of student development. The following standards serve as a guide to individualized counseling services provided at Southlands Christian Schools.

ACADEMIC DEVELOPMENT STANDARDS

- Students will acquire the attitudes, knowledge and skills that contribute to effective learning in school and across the life span.
 - Students will complete school with the academic preparation essential to choose from a wide range of substantial post-secondary options, including college.
 - Students will understand the relationship of academics to the world of work and to life at home and in the community.
-
