

Since 1979

SOUTHLANDS

SCHOOLS INTERNATIONAL

WELCOME TO SOUTHLANDS

Established in 1979, Southlands has become one of the most respected private schools in Southern California. Fully accredited by the Western Association of Schools and Colleges (WASC), we are a non-profit and service driven organization. Our diverse college prep school consists of a preschool, elementary school, middle school, and high school, as well as a Private Satellite Program and overseas campuses.

At Southlands, we believe that a well-rounded educational experience gives our students the foundations that they need to make a positive impact in society. Through academic excellence, character development, moral and ethical awareness, athletics, fine arts, and social events, we are proudly developing tomorrow's leaders today!

From OUR PARENTS

"I can honestly say that, from the first week of school, Southlands far exceeded our expectations... And I just saw my son's confidence soared."
– Marcie Morrow

"As a parent of four, I am always looking for an environment where I can keep my kids safe and I know that they are loved and cared for, and I feel that at Southlands." – Bob Sun

"The thing I love about Southlands is that they have a great support system – all of their teachers are so encouraging and are so willing to go the extra mile for my kids whenever they see that they need help."
– Regina Huaracha

"We love the staff here because they know all of our family... This one-to-one interaction is priceless."
– Ty Wu

"It just made me feel good that the school shows that my daughter and her learning was the priority."
– Linda Marshburn

"I don't think I'll be where I am today without the education and the support I received from Southlands. The relationships you have with teachers and staff here at Southlands is unlike any other place." – Anjelique Agudo

"The ESL program has really prepared me well for the AP courses in my last year of high school. I always believed that Southlands really has the best teachers and counselors ever." – Hero Xu

"I took a lot of AP classes and I really got to explore different fields of knowledge. Not only was I having fun gaining knowledge, I was also being prepared for college." – Fannie Wu

"Now, I am able to step out of my comfort zone and meet new people and lead. This is something I would not have been able to do without the student leadership group at Southlands."
– Connor Taylor

"One of the things that really helped me when applying to colleges and considering different options was how individualized the education is here at Southlands. We have teachers here that really care about you and want you to learn."
– Isabella Sturr
