Policy Information and Agreement Packet

High School Students

The following policies are highlights and amendments to the High School Parent/Student Handbook. The Handbook in its entirety can be found on our website under High School > Resources.

“BRING YOUR OWN DEVICE” (BYOD) INTERNET POLICY

As new technologies continue to change the world in which we live, they also provide many new and positive educational benefits for classroom instruction. To encourage this growth, students at Southlands Christian Schools may now bring their own technology to campus. These devices are **only** to be used **in class** for educational purposes, at the discretion of teachers and administration.

Device Requirements

Students are required to bring a laptop on a daily basis. All laptops must be authorized with the IT department. Acceptable laptops for the school year are laptops running Microsoft Windows 7 or 10 or Apple OSX operating system. It is helpful if the laptop has an Intel i3 processor - or faster, 4GB of memory and 100 GB of available hard drive space.

Internet

SCS has established an internet connection for use by students. The purpose of this internet access is to promote and enhance our educational program(s). SCS plans to monitor student use closely and may utilize an internet filter when necessary to screen potentially objectionable material. At the same time, we will be educating students about the responsible use of internet resources.

Security and Damages

Responsibility to keep the device secure rests with the individual owner. Southlands is not liable for any device stolen or damaged on campus. If a device is stolen or damaged, it will be handled through the administrative office similar to other personal artifacts that are impacted in similar situations. It is recommended that skins (decals) and other custom touches are used to physically identify your device from others. Additionally, protective cases for technology are encouraged. Students should secure their devices, when not in use, in safe spaces such as their personal **locked** lockers.

SCS Student Agreement

Access to the Internet is a privilege and users are responsible for their behavior and communications on the World Wide Web (Internet) just as they are in any school setting or situation. The network is provided for users to conduct research and communicate with others in a manner which is consistent with the educational goals of SCS. It is understood that teachers may provide an entire class or groups of students with live or simulated access to the World Wide Web as part of their instructional program, and this will not require individually signed agreements. However, individual access to the Internet will only be given to those who have signed the user agreement. As a result, all students must have signed parental permission to work individually on the Internet. Those students will be guided toward appropriate use and supervised by faculty during school hours on school related assignments. Outside of school, families bear this same responsibility for guidance just as they would for television, movie, print media, etc. The following are examples of unacceptable behavior by students, teachers, or any employees of SCS:

- Sending or displaying offensive or threatening messages or pictures
- Using obscene language
- Harassing, insulting or attacking others
- Attempting to damage computers, computer systems or computer networks
- Using an unauthorized computer network (i.e. students accessing faculty network)
- Violating copyright laws or plagiarism
- Using another person's password
- Trespassing in another's folders, work or files
- Intentionally wasting limited resources
- Employing the network for non-curriculum related private or commercial purposes

Violations will result in a loss of internet access, as well as other disciplinary or legal action.

****The Administration will be the final judge of what is permissible and acceptable.****

Students Acknowledge That:

SCS makes no guarantee, implied or otherwise, regarding the reliability of the data or data-connection. SCS takes no responsibility for any information or materials that are transferred through the Internet. SCS reserves the right to examine all data stored in the machines involved in the Internet link to make sure that all users are in compliance with these requirements, and reserves the right to update these rules and restrictions without further notice. All users should be aware and keep in mind that when they use the internet, they are entering a global community, and any action taken by them will reflect upon the entire Southlands' school. All users are expected and required to behave in an ethical and legal manner.

Students agree that the use of the Internet is a privilege, not a right, and accept that inappropriate behavior and/or any action in contravention of SCS policies will lead to penalties including, but not limited to loss of internet privileges, disciplinary actions consistent with SCS policies and/or legal action against the student and parent. Students realize that the primary purpose of SCS's internet connection is educational and agree not to knowingly participate in the transfer of inappropriate or illegal materials. Students realize in some cases the transfer of illegal materials may subject students and/or parents to civil penalties as allowed in California Civil Code Section 1714.1 for willful misconduct of minor and/or criminal action.

Release of Liability

Students release SCS, and its agents and employees and other entities and associations affiliated or associated with SCS and their agents and employees from any liability or damages that may result from use of SCS's internet connection.

- First offense—Saturday School
- Second offense—1 Day external suspension
- Third offense— 3 Day external suspension
- Fourth offense—5 Day external suspension
- Fifth offense—Expulsion

Attendance Policy

Tardies

Detention will be given for three unexcused tardies within any given class. Three unexcused tardies in one given class is equivalent to an absence. The third offense resulting from tardiness will result in a Saturday school to be served on campus at an appointed time. If a student receives an additional three tardies, a second Saturday school will be issued. Additional tardies will result in an external suspension. Further disciplinary action can include, but is not limited to, a conference with administration. If a student is tardy twenty or more minutes to any class it will count as an absence. Tardies may be excused by calling the attendance line, sending a written and signed note, or going to the office within 24 hours of the tardy. Students are allowed up to eight excused tardies per semester. After eight excused tardies, any additional tardies will be unexcused.

Absences

Truancies (unexcused absences) are absences that are not cleared by the school office. Students who are truant are not allowed to make up missed work, this includes in-class assignments, homework, quizzes, and at the individual teacher's discretion, whether or not a test can be made up. Tests must be completed within a maximum of 5 days upon students return to school. When an absence occurs on a block day, it will count as two absences for each class missed.

Ten unexcused absences or absences in excess of twenty, excused or unexcused, in one semester will result in expulsion. In such cases, international students studying with an F1 visa will have their I-20 certificates terminated. All expulsions will be cleared by the Executive Director of Schools. Attendance is a vital component that will assist each student to graduating and to develop future life skills. It is imperative that students attend school daily. Absences will only be excused for the following reasons:

- Fever of 100.4 or higher
- Vomiting
- Head Lice
- Severe Diarrhea
- Cold/Flu

Absences in excess of three consecutive days, students must bring a doctor's note. All excused absences are at the discretion of administration.

Students will not be released to anyone not listed on the Emergency Release Form; this includes releasing students to public transportation such as, but not limited to, Uber, Lyft, or Taxi. Verbal permission will not be accepted. If a student who drives to school needs to be released early, then he or she must turn in a signed note to the school office. This note must be signed by a parent or guardian. Before the student is released to depart the campus, the school office will make phone contact with the parent/guardian. If contact is not successful, the student will not be able to sign him/herself out.

Once a student is considered excessively absent, it will be at the discretion of administration whether or not the student will be released. (Excessive absences is defined as 25% of the semester days in school)

Cell Phones and Electronic Devices Policy

Emergency Preparedness Kit

Southlands Christian Schools takes the safety of your children and our students seriously. We have a 3 day emergency plan for all of our students and staff. The school makes yearly purchases in order to meet our goals, including pop-up tents, chairs, cots, private toilet facilities, etc, so that we can be prepared should an emergency situation occur in our region.

In order to care for your child, we have included a \$25 fee for this personal emergency kit for every student. The kit will have portions of water, food bars, a thermal blanket and a light stick for each student. Kits remain on campus and expire after one year.

While it's not pleasant to think about potential dangers to our lives or our children, we believe it is responsible to prepare and we appreciate your cooperation.
