SOUTHLANDS CHRISTIAN SCHOOLS

A MESSAGE FROM THE DIRECTOR

Dear Parents,

We welcome you and your child to Southlands Christian Preschool! We are pleased to announce that we are fully accredited by ACSI. The Accreditation represents hard work on the part of both administration and the entire staff. Our teachers have demonstrated that they are very experienced working in this environment and also qualified teachers in Early Childhood Education. We believe that open communication and collaboration between parents and our staff is essential to fully meeting your child's needs. We look forward to developing a positive relationship with you and your child. At SCP we believe that each child is "fearfully and wonderfully made" (Psalm 139:14). It is our desire to provide a nurturing environment filled with warmth and encouragement instilling in our students that they are the children of the One True King-God; that they are beautifully created, loved, equipped, and empowered to influence the world for Christ. We as a staff are dedicated to serving and loving your family as well as providing the best possible atmosphere for learning and growing.

In His Service,
Lorraine Smith

"Our mission is to educate students
in excellence and integrity, to lead and impact
society by fulfilling their destiny
for the glory of God."

OUR PHILOSOPHY

Our program is tailored to providing intentional opportunities to promote child development. We do this through hands-on activities, centers, music, movement, small group instruction and purposeful play. Our focus is on whole child growth. We accomplish this by addressing the following five learning domains in all our lessons.

COGNITIVE EMOTIONAL SOCIAL SPIRITUAL PHYSICAL

We believe that by providing a solid foundation and partnering with parents to spiritually, socially/emotionally, physically and cognitively prepare children for school readiness and the plan God has for their life.

ABOUT BRIGHTWHEEL

BrightWheel is a great form of communication between parents and teachers. You will receive photos and daily updates each afternoon. It is our hope that with this move to a paperless system, we might be able to serve our families better while saving our environment. The first day of school, you will be given an invite to join our school on BrightWheel. Additional friends and family can be added to your account through the contact list portal. Parents can also notify their child's teacher through the app to inform them of absences, or changes in schedule.

PRESCHOOL SECURITY

At SCP we continually strive to offer a safe and pleasant environment. Our school is equipped with on site cameras and security personnel that observes, inspects and serves our school community throughout the entire day. ILLNESS POLICIES & PROCEDURES

DAILY HEALTH SCREENING

We are very concerned about the health of your child as well as that of other children in our care. The State Department of Health and Welfare requires a physical examination and verification of immunizations upon enrollment. Please do not bring your child if he/she seems ill. Please examine your child each day before bringing him/her to school. You know your child best. Please watch for any unusual behaviors such as lack of appetite, headaches, crankiness, overly tired, etc. This may be the beginning of an illness. Each day our staff will ensure that each child is healthy enough to stay at school by doing a quick health inspection. Additional attention will be given to those children who have been absent because of an illness or have been exposed to a contagious disease. The adult bringing the child to the center shall remain until the child is accepted. If your child has been ill during the night, you will save time and stress by keeping him/her home. Do not expose other children to colds and contagious diseases. If your child is not well enough to go outside he/she is not well enough to be at school. A child who becomes ill during the day will be isolated and the parents will be notified and expected to come or arrange for someone else to come immediately for their child. If a parent cannot be reached, another adult on the child's Emergency Form will be called.

If any member of your household becomes symptomatic for Covid-19, you must self-quarantine all household members, arrange for Covid testing, and inform the school of the test results. If any member of your household tests positive for Covid-19, your child must stay home from school for the period of time determined by the County Department of Public Health.

MEDICATIONS

- All prescribed or non prescribed medication must have written authorization from the child's doctor.
- When bringing any medications to school, please attach the completed Medications Permit, along with the doctors note to the medication and bring to the office.
- Please note that sunscreen and diaper cream are considered to be medications and must be accompanied by the permit and doctors note as well.

Christmas Eve to New Year's Day

Memorial Day

There are a few non-holidays when the school is closed. The week before school starts is set aside for staff orientation and prep days. In addition, we are closed the following the last two days of school in June. This day is set aside for summer prep. Refer to the current yearly calendar for actual dates. (No credit will be given for holidays or days the school is closed. The monthly tuition is based on a yearly budget with holidays and vacation weeks included).

*There are a few days the school closes early. Ex: Christmas Musical, or the day before a holiday break.

* There are a few non holiday school closures that are designated work days for our teachers.

VACATION POLICY

Vacation time is allowed and given if your child is enrolled for a complete school year. Your child will need to be enrolled at least three months before eligible to receive vacation credit. A vacation slip must be filled out and submitted two weeks prior to vacation in order to receive "vacation" credit as follows:

Our school is year round. If your child is enrolled for the year round program, you are entitled to a one week vacation absence in which your child's enrollment will be continued, with no charge, prorated for that month of tuition. Vacation credit needs to be used in its entirety.

GUIDANCE POLICY

The following are examples of behavior guidance techniques. Because each child is unique, there is no one style that will work uniformly with all children. Our teachers are committed to these procedures:

1. Show love for the child with eye contact, physical hugs, and focused attention by spending individualized time with the child.
2. Know the age characteristics of children; some behavior may be typical of a stage that children are going through.
3. Communicate respectfully with the children by listening to their feelings and talking with them as valued individuals.
4. Praise desirable behavior.
5. Extinguish unacceptable behavior by stating your expectations (keeping in mind the development age of each individual child) beforehand. Remind the child of the acceptable behavior without focusing on the negative.
6. Remind the child of consequences of undesirable behavior—consequences such as the “thinking spot”, loss of privileges, redirecting, a note or phone call home.
7. When a child is sent to the office for willful disobedience, deliberate defiance, or deliberate destruction and aggression, a Brightwheel note will be sent explaining the problem or a phone call will be made to the parent.
8. If a child becomes a frequent discipline problem, a teacher/director conference will be arranged. If behavior continues and does not improve suspension, or a withdrawal may be considered.

BITING POLICY

BITING POLICY

Although it is not uncommon for young children to bite, it is a behavior that is taken very seriously, and is strongly discouraged. Whenever a child is bitten, the teacher's first task is to comfort the child. Next, the wound will be washed with anti-bacterial soap. If the bite has broken the skin, the parents will be contacted immediately. However, if the bite is superficial, and the child has returned to play, then both sets of parents will be advised of the incident through BrightWheel.

When a child bites, it is generally for one of the following reasons:

- Out of curiosity – “what will happen if I.....ouch!”

Out of ownership – trying to get something from another child....ouch!

In the instance that a child bites, the teachers will try to determine which type of biting scenario has taken place. Then, they will closely monitor the situation, hoping to intercept the next “need to bite” – accompanied by a stern “NO”. Language is the child’s tool of choice, with “No!” and “Mine!” being used most frequently. These verbal warnings alert the teachers that it may be time to intervene, and redirect the playmates involved in another direction. If biting occurs, the policy of Southlands Christian Preschool is as follows:

- **1st offense** – The child who bites will quickly be placed in the “thinking spot”, while the teacher comforts the child who has been bitten and attends to cleaning the bite. Then, the teacher will return to the “Thinking Spot” and speak with the offending child about what has happened. The child is reminded that teeth are for eating food & smiling, not for biting. Both sets of parents will be informed of the incident.
- **2nd offense** – The child’s parents will be asked to keep their child at home for one day, and focus on helping the child understand that biting is unacceptable.
- **3rd offense** – The Preschool director will determine whether the next step will be further time at home, or removal from the program for the
